PRODUCTS AND SUPPORT WE PROVIDE

Boundless Fundraising[®]

Boundless Fundraising™ is the leading event fundraising mobile app used by the world's most successful nonprofits, designed to turn participants into power fundraisers by automating their outreach across mobile and social channels.

This suite of tools, which is available in both the Apple App Store and Google Play, has a proven track record with hundreds of fundraising programs. It has helped organizations raise over \$750 million to date, with powerful features that:

- Track event goals and news
- Collect donations
- Schedule social media posts
- Keep track of team success

Boundless Check Deposit[™]

Introducing the simple and direct solution from Charity Dynamics — an end-to-end check processing tool helping nonprofit organizations capture offline donations in today's mobile world. Boundless Check Capture allows you to:

- Deposit funds sooner
- Prevent lost checks
- Prevent bounced checks
- Reduce data entry for check deposits
- Reduce the time for participant checks to be processed

Process your offline donations more quickly, provide your event participants with the instant gratification they deserve, and allow your organization to jump-start the stewardship process by bringing these offline donors into the fold more quickly.
